

# CONSTRUCTION MANAGEMENT SOLUTIONS

## OUR SERVICES

REILLY understands that each client has unique needs and requirements. It is important that the proper procurement and delivery methods are selected in order to meet the needs of the client and the project.

- Pre-Construction
- Design Build
- General Contracting
- Construction Management
- Green Building
- Skilled Trade Forces
- Facilities Maintenance
- Term Contracts & Unit Pricing

REILLY's experienced staff will help evaluate the specific requirements of each project and make the appropriate recommendations to ensure successful delivery.

*Because the customer  
has a need, job  
we have a  
to do*

## OUR TEAM

REILLY has developed an exceptional team of skilled employees who have the education and experience required to manage diverse and complex government projects.

Our staff is a small group of over-achievers, driving each other's success. We capitalize on our youthful core of people, keeping us in touch with the latest technology, trends and demands of an ever-changing industry.

*Because the customer  
has a choice,  
we must be the  
better choice.*

# SUSTAINABILITY

As beneficiaries of the earth's natural resources, it is incumbent upon all of us to use those resources wisely. REILLY personnel understand that construction projects can have a significant positive or negative impact on the environment and are committed to building in an environmentally sensitive manner.

REILLY's "green" building initiative is supported by a substantial number of LEED® Accredited Professionals on our staff. With expertise in estimating, project management and other disciplines, these professionals are fully qualified to assist our clients in meeting their environmental goals.

*Your* customers don't care  
how much you *know*,  
until they know  
how much *YOU* care.

# SAFETY

REILLY has a strong commitment to conduct all of its operations in the safest manner possible. This commitment begins with the principals of the company and is continually reinforced at all levels. With REILLY, safety is an integral part of the construction process and is as important to us as production and quality.

REILLY has developed and implemented policies and procedures designed to increase the safety awareness of everyone associated with our construction projects.

*Integrity*  
*requires us to do*  
*the right thing even*  
*when it* **costs** *us more.*

**DANGER**

**WARD HAT  
AREA**

**FDIC**

**FDA**

**USDA**

## CLIENTS

Serving the entire East Coast of the United States, REILLY provides our clients with quality solutions for managing construction and design-build projects that focus on renovation, rehabilitation and repair. Opposite are a few of the many agencies we've had the privilege of serving.

*Never* forget  
a customer and  
*never* let a  
customer forget you.
